Creative Art Group

Oak Lane, Memory Care, has been busy making seasonal wall hangings. The first was a scarecrow for fall, then a turkey for Thanksgiving, and the latest project was a snowman.

The residents have participated in making each banner. Fabrics are selected, cut, and assembled. The finished product is proudly displayed in the Oak Dining room. Names of those who helped are listed on it. Donations of cotton fabric are greatly appreciated for future Creative Art Group projects.

Awakenings Grant

Ecumen and Emmanuel Nursing Home have been selected by the Minnesota Department of Human Services for an exciting quality improvement program called “Awakenings.” The goal of the program is to:

- Improve quality of life
- Improve the quality of care

These goals are being accomplished through a comprehensive program of strategies including enhanced rehabilitative nursing, personalized meaningful activities, increased staff training on communication and relationship building. Nursing assessments will be reviewing medications used with the goal of reducing the dosage or eliminating medications.

JoAnn Schott, RN, is the leader for the Awakenings program. She will be coordinating the implementation of changes that empower residents and staff to discover creative ideas to provide the best care possible. We will be creating moments of joy for those we serve.
